

California Individual & Family Plans Available directly through Health Net

Plan Overview – Silver 70 Off Exchange Ambetter HMO

The Silver 70 Off Exchange Ambetter HMO health plan utilizes the **Ambetter HMO** provider network for covered benefits and services. **Ambetter HMO** is available directly through Health Net in Imperial, Los Angeles, Orange and San Diego counties, and parts of Kern, Riverside and San Bernardino counties.

THIS MATRIX IS INTENDED TO BE USED TO HELP YOU COMPARE COVERAGE BENEFITS AND IS A SUMMARY ONLY. THE PLAN CONTRACT AND EVIDENCE OF COVERAGE (EOC) SHOULD BE CONSULTED FOR A DETAILED DESCRIPTION OF COVERAGE BENEFITS AND LIMITATIONS.

The copayment amounts listed below are the fees charged to you for covered services you receive. Copayments can be either a fixed dollar amount or a percentage of Health Net’s cost for the service or supply and is agreed to in advance by Health Net and the contracted provider. Fixed dollar copayments are due and payable at the time services are rendered. Percentage copayments are usually billed after the service is received. Covered services for medical conditions and mental health and substance use disorders provided appropriately as telehealth services are covered on the same basis and to the same extent as covered services delivered in-person.

This is a summary of benefits. It does not include all services, limitations or exclusions. Please refer to the Plan Contract and EOC for terms and conditions of coverage.

¹For certain services and supplies under this plan, a calendar year deductible applies, which must be satisfied before these services and supplies are covered. Such services and supplies are only covered to the extent that the covered expenses exceed the deductible. The calendar year deductible applies, unless specifically noted above.

²Prenatal, postnatal and newborn care office visits for preventive care, including preconception visits, are covered in full. See copayment listing for “Preventive care services.” If the primary purpose of the office visit is unrelated to a preventive service, or if other non-preventive services are received during the same office visit, a copayment will apply for the non-preventive services.

³You may receive services on an in-person basis or via telehealth, if available, from your primary care provider, a treating specialist or from another contracting individual health professional, contracting clinic, or contracting health facility consistent with the service and existing timeliness and geographic access standards required under California law. Any cost share for services received through the select telehealth services provider will accrue toward your out-of-pocket maximum and deductible (if your plan has a deductible). By scheduling through the select telehealth services provider, you consent to receive services via telehealth through the select telehealth services provider. See the Individual & Family Plan Contract and EOC for coverage information and for the definition of telehealth services. You have a right to access your medical records for services received through the select telehealth services provider. Unless you choose otherwise, any services provided through the select telehealth services provider shall be shared with your primary care provider.

⁴Includes acupuncture visits, physical, occupational and speech therapy visits, and other office visits not provided by either primary care or specialty physicians or not specified in another benefit category. Chiropractic services are not covered. Acupuncture services are provided by Health Net. Health Net contracts with American Specialty Health Plans of California, Inc. (ASH Plans) to offer quality and affordable acupuncture coverage.

⁵Preventive care services are covered for children and adults, as directed by your physician, based on the guidelines from the U.S. Preventive Services Task Force (USPSTF) Grade A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) that have been adopted by the Centers for Disease Control and Prevention (CDC), and the guidelines for infants, children, adolescents, and women’s preventive health care as supported by the Health Resources and Services Administration (HRSA). Preventive care services include, but are not limited to, periodic health evaluations, immunizations, diagnostic preventive procedures, including preventive care services for pregnancy, and preventive vision and hearing screening examinations, a human papillomavirus (HPV) screening test that is approved by the federal Food and Drug Administration (FDA), and the option of any cervical cancer screening test approved by the FDA. One breast pump and the necessary supplies to operate it will be covered for each pregnancy at no cost to the member. We will determine the type of equipment, whether to rent or purchase the equipment and the vendor who provides it.

⁶For hospitals that do not separate charges for inpatient facility and inpatient professional services, the inpatient facility fee applies.

⁷Orally administered anti-cancer drugs will have a copayment maximum of \$250 for an individual prescription of up to a 30-day supply.

⁸If the pharmacy’s cost of the prescription is less than the applicable copayment, then you will only pay the pharmacy’s cost of the prescription.

⁹The prescription drug deductible (per calendar year) must be paid before Health Net begins to pay. If you are a member in a family of two or more members, you reach the prescription drug deductible either when you meet the amount for any one member, or when your entire family reaches the family amount. The prescription drug deductible does not apply to peak flow meters, inhaler spacers used for the treatment of asthma, diabetic supplies and equipment dispensed through a participating pharmacy, preventive drugs and contraceptives. Prescription drug-covered expenses are the lesser of Health Net’s contracted pharmacy rate or the pharmacy’s cost of the prescription for covered prescription drugs.

¹⁰Preventive drugs, including smoking cessation drugs, and contraceptives that are approved by the Food and Drug Administration are covered at no cost to the member. Preventive drugs are prescribed over-the-counter drugs or prescription drugs that are used for preventive health purposes per the U.S. Preventive Services Task Force A and B recommendations. No annual limits will be imposed on the number of days for the course of treatment for all FDA-approved smoking and tobacco cessation medications. Covered contraceptives are FDA-approved contraceptives for women that are either available over the counter or are only available with a prescription. Up to a 12-consecutive-calendar-month supply of covered FDA-approved, self-administered hormonal contraceptives may be dispensed with a single prescription drug order. Generic drugs will be dispensed when a generic drug equivalent is available. However, if a brand-name preventive drug or contraceptive is medically necessary and the physician obtains prior authorization from Health Net, then the brand-name drug will be dispensed at no charge. Vaginal, oral, transdermal, and emergency contraceptives and condoms are covered under the prescription drug benefit. IUD, implantable and injectable contraceptives are covered (when administered by a physician) under the medical benefit.

¹¹The Essential Drug List is the approved list of medications covered for illnesses and conditions. It is prepared by Health Net and distributed to Health Net contracted physicians and participating pharmacies. Some drugs on the list may require prior authorization from Health Net. Drugs that are not listed on the list (previously known as non-formulary) that are not excluded or limited from coverage are covered. Some drugs that are not listed on the list do require prior authorization from Health Net. Health Net will approve a drug not on the list at the Tier 3 copayment if the member’s physician demonstrates medical necessity. Urgent requests from physicians for authorization are processed, and prescribing providers are notified of Health Net’s determination, as soon as possible, not to exceed 24 hours, after Health Net’s receipt of the request and any additional information requested by Health Net that is reasonably necessary to make the determination. A prior authorization request is urgent when a member is suffering from a health condition that may seriously jeopardize the member’s life, health or ability to regain maximum function. Routine requests from physicians are processed and prescribing providers are notified of Health Net’s determination in a timely fashion, not to exceed 72 hours. For both urgent and routine requests, Health Net must also notify the member or their designee of its decisions. If Health Net fails to respond within the required time limit, the prior authorization request is deemed granted. For a copy of the Essential Drug List, which you can use to search for a particular drug, call Health Net’s Customer Contact Center at the number listed on the back of your Health Net ID card or visit our website at www.myhealthnetca.com.

Generic drugs will be dispensed when a generic drug equivalent is available. Health Net will cover brand-name drugs, including Specialty Drugs, that have a generic equivalent at the applicable Tier 2, Tier 3 or Tier 4 (Specialty Drugs) copayment, when determined to be medically necessary.

¹²Tier 4 (Specialty Drugs) are specific prescription drugs that may have limited pharmacy availability or distribution; may be self-administered orally, topically, by inhalation, or by injection (either subcutaneously, intramuscularly or intravenously), requiring the member to have special training or clinical monitoring for self-administration; includes drugs that the FDA or drug manufacturer requires to be distributed through a specialty pharmacy; or have a high cost as established by Covered California. Tier 4 (Specialty Drugs) are identified in the Essential Drug List with “SP,” require prior authorization from Health Net and may be required to be dispensed through the specialty pharmacy vendor to be covered.

¹³The pediatric dental benefits are provided by Health Net of California, Inc. and administered by Dental Benefit Providers of California, Inc. (DBP). DBP is a California licensed specialized dental plan and is not affiliated with Health Net. Additional pediatric dental benefits are covered. See the Individual & Family Plan Contract and EOC for details.

¹⁴The pediatric vision services benefits are provided by Health Net of California, Inc. Health Net contracts with Centene Vision Services to administer the pediatric vision services benefits.
